As a dedicated student pursuing a dual degree in BS Data Science at IIT Madras and Integrated B.Sc B.Ed at CUJ, I am passionate about the dynamic field of data science. With a clear goal of becoming a Data Scientist, I'm eager to apply my education to solve real-world data challenges and make a meaningful impact.

## Professional Experience

January 2022 - Present

### Data Scientist Self Employed, India

- Conducted data analysis and created data visualizations to identify patterns and trends
- Developed predictive models using machine learning techniques to optimize business operations
- Collaborated with crossfunctional teams to identify business problems and provide datadriven solutions
- Utilized SQL and Python programming languages to clean, manipulate, and analyze large datasets
- Created and maintained data pipelines to ensure accurate and efficient data processing

## Education

May 2023 - Present

**Bachelor in Science - BS In Data Science And Application**  
Indian Institute of Technology Madras, Tamil Nadu, India

August 2023 - Present

**Bachelors of Science - B. Sc. in Mathematics**  
Central University Of Jharkhand, Jharkhand, India

August 2023 - Present

**Bachelor of Education - B. Ed.**  
Central University Of Jharkhand, Jharkhand, India

## Key Skills

Django

React.Js

HTML

CSS

JS(ES6+)

Python
